Spectral Products

ASB-W-020 光纤式卤素光源

ASB - W - 020 Tungsten - Halogen Light Source

Key Features

- Offers excellent color temperature stability
- Provides illumination for applications through optical fiber
- Focus adjustable light source SMA and fiber bundle adaptor
- Features built in current regulation

Specifications

Lamp	Tungsten/Halogen
Power	Desktop Transformer, Vin 90-230 VAC, 50/60 Hz, Vout 24VDC @ 2 Amps
Current Regulation	Built-in, +/- 0.4%
Color Temperature	3100 K
Bulb Life	2,000 hours average (nominal)
Spectral Distribution	near blackbody
Housing	Aluminum, forced air cooled, Limited focus adjustment
Connector	SMA fiber connector (10mm diameter termination optional)
Warranty	One year
Order Information	
ASB-W-020	Visible Source Assembly
ASB-W-020B	Spare Lamp, 20Watt Tungsten-halogen

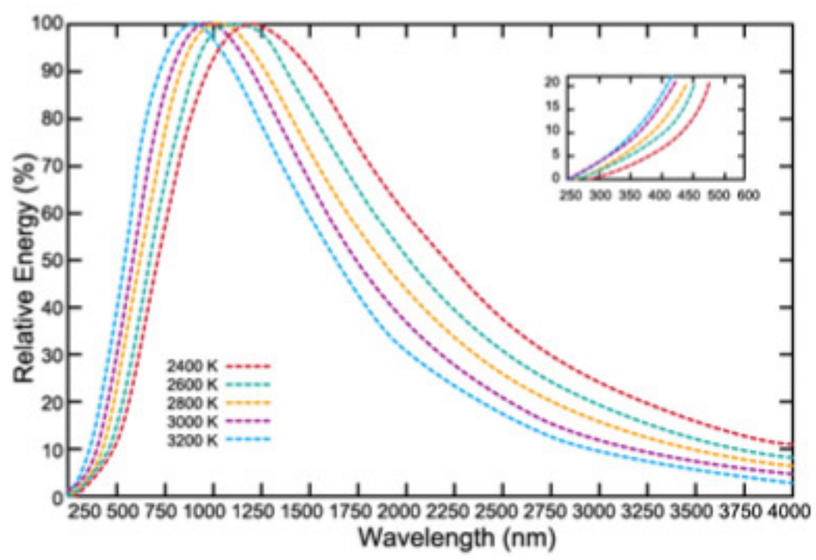

Figure 1. Spectral distribution of light emitted by blackbodies at various color temperatures indicated in Kelvin (K)
